

Larry Alleva

1480 Snow Berry Street

I have enjoyed my two terms serving on the HOA board; it has been rewarding to give something back to the Glenwild Community and has also given me a chance to get to meet and get to know many of our neighbors.

Including the Glenwild role, I have now served on three different HOA boards, including as President of one of them. I currently serve as the Glenwild Board Treasurer, chair the Safety and Community Emergency Preparedness Committee, and also sit on the Finance Committee. Collectively, this has provided me with insights into our neighborhood's many qualities and strengths, while allowing me to develop an understanding of the needs and expectations of our owners.

Glenwild is very well funded as it relates to our future capital needs, most significantly being the ultimate need to replace our roads. That date is not far off (perhaps as soon as 2025/26)! Over the past four years, I have spent extensive time working with our capital funding models and assumptions and believe that, if reelected to the board, I will bring important insight and understanding regarding this major undertaking.

From a career perspective, I am a CPA and worked for PricewaterhouseCoopers for 39 years, including 28 as a partner with the firm. Since retirement, I have served on the board of directors of seven companies, including four public companies currently, and have chaired the Audit Committees of each. I believe that my extensive financial experience makes me even more effective in my participation on the Glenwild HOA board.

Locally, I am active with St. Mary of the Assumption Catholic Church, where I chair its Finance Council and also serve as its Lead Usher. My wife Susan and I purchased our home at 1480 Snow Berry Street in 2015, and we live here full time. Prior to 2012, we lived in Northern Virginia for 18 years.

I moved to Glenwild in 2017 with my wife, Kristin, our two children and our dogs. Over the past five years we've enjoyed hiking and biking the trails, meeting our neighbors, and spending time with the great friends we've made here. Our positive experiences at Glenwild and my working in real estate investment/advisory gave me a keen interest in the community and the HOA's activities. I've attended most of the HOA meetings, becoming familiar with many of Glenwild's challenges and opportunities, and am now hoping to be able to serve the community more actively as one of your HOA Board Members.

I've spent the past 40 years developing and investing in commercial real estate with an emphasis on the nine western states. After developing a series of medical office buildings, I joined Cabot, Cabot & Forbes Urban group where we planned, marketed and developed high-rise office towers. I later joined Homart Development, where I repositioned and re-entitled distressed assets in Northern and Southern California. Following Homart I joined a private high net worth and family advisory firm to lead their real estate effort, creating a series of discretionary direct, value-add investment funds. Four years later that firm was acquired by US Trust where I served as managing director of its real estate investment division; reporting directly to the CIO. When the Charles Schwab Company acquired US Trust Company, I had the privilege to serve as managing director in a similar capacity. At each firm I also served as president and CEO of division-level P&Ls, giving me a unique perspective on balancing advisory roles, taking action, and managing operating entities. For the past ten years I've owned an independent real estate investment firm, Maier Siebel Baber, which emphasizes research-driven market selection and opportunities to create value through redevelopment of under-positioned assets into vibrant environments that foster satisfaction and creativity.

I have a keen interest in our community, to preserving the quality of life that attracted all of us here and would like to contribute more as one of your new HOA Board Members.

Eric and I have made Glenwild our full-time home since 2016. We relocated from Rowayton, Connecticut where we raised our two children, Olivia (29) and Alex (26), for over 28 years. During that time, I practiced law in New York City and Connecticut. My primary areas of legal concentration were commercial litigation and matrimonial law.

For the past three years I have been fortunate to serve as a Trustee on the Board of the Glenwild HOA. This has been a period of unprecedented growth in our community. During this time, as Board Member, I have participated in numerous positive developments, including the expansion of the Main Gatehouse, extensive landscaping renovations of the front entrance, along with the planning for the construction and expansion of the back Gatehouse. I have served on the Architectural Review Committee, Social Committee, and the Welcome Committee. I am running for a second term on the Board of Trustees in the hopes of continuing my active involvement within our Community.

Glenwild Background:

Gayle and I have lived in Park City for over 20 years. We acquired lot #91 in Glenwild in 2012 and soon after built our home which we fashioned after ranches of the American west. We love our house and enjoy the friendships that we have made through the community and golf club. In 2017 I was elected to the HOA Board and over the last four years I have chaired the Communications, Community Safety and Emergency Preparedness and Architectural Review Committees as well as participating on the Nominating Committee. As all of you, I have a vested interest in ensuring that Glenwild is a safe and growing community and if re-elected, I would be honored to work on your behalf.

Professional, Military and Educational Experience:

I retired in 2016 after a successful career in the healthcare services sector. My last official position was President and Chief Operating Officer of a healthcare technology and services company. I have also held Board positions on both non-profit and privately held for-profit companies. Prior to entering the private sector, I served in the United States Airforce for four years and have a B.S. in Business from Central Michigan University.
